

# Graduate Program

## How to Apply

In order to apply for a Graduate Registered Nurse or Enrolled Nurse Program, you need to register yourself on our electronic **recruitment** system using the steps below. *Please note, once you have registered you can apply for other suitable positions within our hospitals and you will also receive job updates via email.*

1. Our electronic recruitment system can be found at <https://uhealth.mercury.com.au/>
2. Click **SignUp** in the top right of the screen. The **registration** screen appears.
3. Type your details into the fields on the screen, including whether you are a current employee or not.
4. Type in a username – choose something practical like your name.
5. Type in a password – it must be between 6 and 12 characters and contain at least one upper case letter, one lower case letter and one number.
6. Type in your email address and click **Create Account**. The Registration screen will display a message confirming that you need to activate your

account via an email that has been sent to you.

7. Go to your email inbox, open the relevant email and click the activation link. The UnitingCare Health eRecruit **Account Activation** screen should appear.
8. Type in your username and email address.
9. If you want to be notified by email about newly advertised positions, select the types of roles you are interested in hearing about and the geographic areas you want to work in, then click **Activate**.

***You can change your password, email alerts or deactivate your account by signing into UnitingCare Health eRecruit and clicking on your name in the top right of the screen.***

***To apply for a Graduate Registered Nurse Program at one of our hospitals, simply click on the position from the Vacancy list and select the Apply Now button at the bottom of the page. You will then be required to complete the Application steps below.***
